

SHAHADAT HUSAIN

Full Stack Developer

+91 9771204171 | sahadatbuxi@gmail.com | New Delhi

PROFILE

Innovative and results-driven App Developer and Web Designer with hands-on experience in building intelligent, modern, and user-focused digital systems. Experienced in Flutter, Kotlin, Python and Java, with a strong foundation in AI integration, device automation, and real-time systems and currently focused on developing advanced AI-powered ecosystems like ADVICA, and AIFRIS that merge automation, voice control, and real-world intelligence.

WORK EXPERIENCE

INDEPENDENT DEVELOPER | 2022 – PRESENT

- Designed and developed intelligent Android and web systems integrating AI & automation.
- Built Buxi AI, a Flutter-based voice assistant with wake-word detection and multilingual support.
- Created ADVICA, an autonomous drone system for emergency response & live AI streaming.
- Developed AIFRIS, an AI-driven forest risk identification system for wildfire prevention.
- Developed an AI Music App using Kotlin + DSP + ML to provide real-time bass boost, loudness normalization, echo, and EQ effects with consistent sound across all devices.
- Engineered a Remote Android Control Dashboard for non-rooted devices using secure web APIs.

EDUCATION

Ganga Institute of Technology and Management (Kablana Delhi Ncr)

Bachelor of Engineering 2024-2028

Vanijya Inter College, Muzaffarpur

Intermediate 2022-2024

Uchch Madhyamik Vidyalaya Aurai

Matric 2021-2022

SKILLS

- Mobile: Flutter, Kotlin, Java
- Audio & AI: DSP, FFT, Bass/Echo Effects, TFLite
- Web & Backend: HTML, CSS, JS, Firebase, APIs
- Tools: VS Code, Android Studio, GitHub, Figma

CERTIFICATIONS

- Google Certified AAD (Flutter) — ID #194637 (Jan 2024)
- Google Certified AAD (Kotlin) — ID #571394 (Feb 2024)
- Google Certified AAD (Java) — ID #268416 (Feb 2024)
- Google Certified Mobile Web Specialist — ID #115139 (Feb 2024)
- Instagram Insider – Early Access Member

ACHIEVEMENTS

- Finalist – National 5G Challenge (2024): AI-based real-time control system.
- AI Music Project: DSP-powered adaptive sound system.
- ADVICA Drone: Autonomous AI drone for emergency response.
- Secure Licensing Framework: Smali-based Android app security.
